

Wisconsin Linux for zSeries User Group

Tuesday, September 19th, 2006

1pm to 4pm

Agenda

- 1:00pm - 1:15pm

- **Welcome and Introductions**

- 1:15pm - 2:30pm

- **Linux for System z – High Availability Options**
Steve Wehr, IBM, System z New Technology Center

Wondering how to bullet proof your Linux for System z environment? Steve has done extensive Linux for System z High Availability architecture research, configuration and testing. He'll walk through the alternatives, the pros and cons of each and provide guidance as to which might be right for you.

- 2:30pm – 2:45pm Break

- 2:45pm – 4:00pm

- **Communication Controller for Linux (CCL) for System z and Communication Server for Linux (CSL) on System z**
Mark Boyd, IBM, Sales and Distribution

Here are two great ways to get started with Linux for System. . . . both CCL and CSL are ready for prime time, relatively easy to install and have great potential to save your company money. Come hear Mark explain both products, where they can fit in your architectures and how to get started.

- 4:00pm Adjourn

Location: **IBM**
14th Floor – Executive Briefing Room
411 East Wisconsin Avenue
Milwaukee, WI 53202

Directions: From Milwaukee Airport

Follow Milwaukee signs to I-94. Take I-94 west approximately 9 miles, get into the far right lane and exit onto 794 (heading east towards the lake). Once on 794, get into the far left lane which will be designated Van Buren. Follow Van Buren to Michigan (third light), and turn left. Proceed two blocks to Jefferson and turn right. The parking ramp is immediately on the left. Park anywhere in the structure that is not marked "reserved". Enter the building on the "2" level. Proceed through the restaurant to the first bank of elevators. IBM is on the 14th floor.
