

IBM Linux on System z Executive Advisory Customer Council
Friday September 14th , 2012 8:30 AM – 1:00 PM
Hosted at Insurance Services Office
545 Washington BLVD
Jersey City, NJ 07310

You're invited to join us for the next session of the Linux on System z Executive Advisory Council. We launched this council in 2002 in order to garner your insights and foster communications among the System z Linux community. We are grateful to accept ISO's gracious invitation to host this council session at their auditorium, particularly given our tremendous gains in attendance and popularity.

The council welcomes Jim Porell to the session. Jim will be discussing the Smart Terminal Architecture in Secure Hosting Environment multi-vendor project. We are pleased that Patrick Chapman from BlueCross BlueShield of South Carolina will be our customer speaker. Patrick will be sharing the BlueCross Blue Shield of South Carolina experiences with Linux on system Z. We are also pleased to have Hilon Potter join us to moderate a Fit-for-Purpose panel discussion. On the panel will be Patrick Camp from BlueCross BlueShield of South Carolina, Randy Burton from BB&T Ashley George from Brown Brothers Harriman & Co and Bruce McDaniel from Bank of America. The council also welcomes Kelly Ryan IBM's System z portfolio manager to discuss System z hardware strategy and direction.

Agenda
