

# Southern California z Systems User Group

**Wednesday, June 14, 2017**

**Held at Pacific Life, Newport Beach, CA**

**You are cordially invited to the Southern California z Systems User Group lunch meeting on June 14 located at:**

**Pacific Life  
700 Newport Center Drive  
Newport Beach, CA 92660**

**Learn about Pervasive Encryption, the latest DB2 Technology Update and the Continuous Delivery Model. You do not want to miss this event!**

## **Agenda**

- 10:30 am – Arrive early for security check-in and lunch selection
- 11:00 am – Opening Remarks
  - Ichi Brenden, Client Technical Specialist, IBM z Systems HW
  - Yisong Luo, Senior z Client Architect, IBM Systems
- 11:05 am – Pervasive Encryption
  - Mike Jordan, Distinguished Engineer- z Systems Security, IBM Systems
- 12:00 pm – DB2 Update and the Continuous Delivery Model
  - Tammie Dang, DB2 Development Relational Data Services, IBM Hybrid Cloud
- 1:00 pm – Continue lunch with open discussions among the user group

The purpose of this group is to garner your insights and foster the sharing of experiences on z Systems hardware and software.

As valued customers and trusted partners, your input to this user group is greatly appreciated.

**We had close to 100 attendees at the last z user group event, so let's make this event even larger by sharing this invite with your colleagues.**

**\*Please RSVP to Chuck Siemons at [csiemons@ccsmail.com](mailto:csiemons@ccsmail.com) for the lunch headcount\***
