

Wednesday, May 31, 2000

7:00 AM - 8:00 AM	Atrium - First Floor — Breakfast								
8:00 AM - 9:10 AM	Crystal Ballroom D/E — G01 VM and VSE Vitality — Bill Carico								
9:10 AM - 9:30 AM	Convention Center Reception Foyer — Break								
	Coral Ballroom A/B	Coral Ballroom C	Convention Center Ballroom III	Convention Center Ballroom IX	Convention Center Ballroom X	Convention Center Ballroom XI	Convention Center Ballroom XII	Crystal Ballroom D	Crystal Ballroom E
9:30 AM - 10:40 AM	E60 Migrating to CICS Transaction Server for VSE/ESA — John Lawson Justin McMurry R-Thu	M72 Measuring VM and Non-VM Network Servers From VM — Barton Robinson	M60 Introduction to Object-Oriented Programming — Christine Casey	E83 REXX/VSE and Automated Operations — Klaus-Dieter Wacker R-Sat	E27 Developments 'Down Under' — Jim Alexander R-Fri	M67 CMS Application Debugging — Philip H. Smith, III	M42 Implementing an Enterprise Print Server using VM/ESA and TCP/IP — Jim Elliott	E00 An e-business Roadmap for VSE/ESA Customers — Jerry Johnston R-Thu	G60 Linux for S/390 - Part 1 — Ingo Adlung R-Fri
10:40 AM - 11:00 AM	Convention Center Reception Foyer — Break								
11:00 AM - 12:10 PM	G20 VM and VSE Internetworking — Alan Altmark R-Thu	M10 An e-business Roadmap for VM/ESA Customers — Cherie Barnes	G61 Linux for S/390 - Part 2 — Ingo Adlung	E04 Hints, Tips, News - TCP/IP for VSE/ESA V1.3 — Leo Langevin R-Fri	E26 It's Time to Upgrade to COBOL for VSE/ESA! — Alice Crema	G11 Storage Systems Update for VSE/ESA and VM/ESA Users — Bill Worthington R-Sat	M70 VM/ESA Performance Update — Bill Bitner R-Thu	E01 The Friendly Foods e-business Case Study Implementation — Anette Stolvoort R-Thu	E61 Making the Most of CICS Transaction Server for VSE/ESA — Neville Brailsford R-Sat
12:10 PM - 1:30 PM	Atrium - First Floor — Lunch ★ <i>Sponsored by IntelliWare Systems, Inc.</i>								
1:30 PM - 2:40 PM	M90 VM/ESA Update — Reed Mullen R-Thu	M71 VM/ESA Performance Case Studies — Bill Bitner R-Sat	M20 VM Web Server Installation Workshop - Part 1 — Richard Lewis Chuck Morse	E09 The CICS Transaction Gateway - Web and Java Access to CICS — Chris Smith R-Thu	E29 IBM High Level Assembler Rel 3 Toolkit Feature Program Understanding Tool (ASMPUT) — Clive Nealon R-Fri	G21 TCP/IP Routing— Alan Altmark R-Fri	M46 A New Sun Rises on Ford E-mail — Philip H. Smith, III	E02 The Friendly Foods e-business Case Study Demo — Anette Stolvoort R-Thu	E15 TCP/IP for VSE Optional Components — Leo Langevin Don Stoevers
2:40 PM - 3:00 PM	Convention Center Reception Foyer — Break								
3:00 PM - 4:10 PM	M92 VM in a 64-Bit World — Romney White R-Thu	M82 Migrating Users, Data, and Applications to SFS — John Hall	M21 VM Web Server Installation Workshop - Part 2 — Richard Lewis Chuck Morse	E50 The Decision Analyzer: Data Warehouse Capabilities at a Fraction of the Cost — Jim Barton	E31 Benefits of Year 2000 and using OPTI-AUDIT Going Forward — Jeffrey Barnard	G80 VM/VSE - Where in the World Can I Find... ? (Or what my father never told me about VM & VSE) — Gabe Goldberg	M61 VM Java Update — Christine Casey	E03 VSE/ESA e-business Experiences — Reinhard Hille, David Kennedy, & Eric Vaughan R-Thu	E75 VSE/ESA V2.4/V2.5— Ingolf Salm R-Thu
4:10 PM - 4:30 PM	Convention Center Reception Foyer — Break								
4:30 PM - 5:40 PM	G23 LAN Data Interoperability with S/390— Jim Elliott	M93 Using the RSK to Implement High Performance VM/ESA Servers — Dave Jones	M22 VM Web Server Installation Workshop - Part 3 — Richard Lewis Chuck Morse	E89 OS/390 Fact and Fiction — Jon Henderson	E30 LE/VSE Hints & Tips — Wolfgang Bosch R-Fri	M80 How to Take Advantage of VM/ESA's System Configuration Capabilities — John Franciscovich Rick Barlow R-Fri	E17 eData - The Key to e-business Success — George Langan	E16 Integrating VSE/ESA into the e-business Enterprise — Eric Vaughan	E07 IBM WebSphere Application Server — Ingolf Salm R-Thu
5:40 PM - 8:00 PM	Convention Center Ballrooms I, II, V-VIII — EXPO Reception ★ <i>Sponsored by Computer Associates International, Inc.</i>								

Key: Sessions Exx are VSE sessions; Sessions Mxx are VM sessions; Sessions Gxx may be of interest to both VM and VSE attendees

Thursday, June 1, 2000

7:00 AM - 8:00 AM

Atrium — Breakfast

8:00 AM - 9:10 AM

Coral Ballroom A/B	Coral Ballroom C	Convention Center Ballroom III	Convention Center Ballroom IX	Convention Center Ballroom X	Convention Center Ballroom XI	Convention Center Ballroom XII	Crystal Ballroom D	Crystal Ballroom E
M92 VM in a 64-Bit World — Romney White R-Wed	E92 Tape Media Management in the VSE/ESA Environment — Ed Herman	M50 Introduction to CMS Pipelines Lab - Part 1 — Chuck Morse	E62 Expanding CICS - REXX and the 3270 Bridge — Colin Boulain R-Sat	M12 Getting Started with VM TCP/IP: The Basics — Alan Altmark R-Sat	G24 Web Publishing - Is Your Content Ready for the Web? — Rob Amos	E13 TCP/IP Tools - The Complete Solution — Jeffrey Barnard	E75 VSE/ESA V2.4/V2.5 — Ingolf Salm R-Wed	E40 VSE/ESA V2.4/V2.5 Performance Considerations — Dr. Wolfgang Kraemer

9:10 AM - 9:30 AM

Convention Center Reception Foyer — Break  Sponsored by IntelliWare Systems, Inc.

9:30 AM - 10:40 AM

M90 VM/ESA Update — Reed Mullen R-Wed	E10 MQSeries: What's New with MQ — Chris Sims	M51 Introduction to CMS Pipelines Lab - Part 2 — Chuck Morse	E78 VSE/ESA V2.4 Basic Security Manager — Klaus-Dieter Wacker R-Fri	M13 VM TCP/IP Advanced Configuration — Alan Altmark R-Sat	M30 Become a Webserver Power User — Mike Ludé	E14 Web Enabling VSE for e-business, Methodologies and Techniques — David Kennedy	E00 An e-business Roadmap for VSE/ESA Customers — Jerry Johnston R-Wed	E80 VSE/POWER 101 Part 1 — Steve Gracin
--	---	--	--	--	---	---	---	---

10:40 PM - 11:00 PM

Convention Center Reception Foyer — Break

11:00 AM - 12:10 PM

M70 VM/ESA Performance Update — Bill Bitner R-Wed	G30 What's New for DB2 Server for VSE & VM — Gary Merke	M95 OS/390 Parallel Sysplex Testing using VM/ESA — Rick Barlow	E82 VSE/ESA Hot Topics — Justin McMurry John Lawson R-Fri	E94 VSE to OS/390 Migration: The Mass Conversion Approach — Patrick Fournier	M31 Accessing VM Data and Applications From the Web Using VM: Webgateway — Ross Patterson	M11 TCP/IP for VM/ESA Update — Romney White	E01 The Friendly Foods e-business Case Study Implementation — Anette Stolvoort R-Wed	E81 VSE/POWER 101 Part 2 — Steve Gracin
--	---	--	---	--	---	---	---	---

12:10 PM - 1:30 PM

Atrium — Lunch

1:30 PM - 2:40 PM

M45 A Real-World Example of Server Consolidation: Replacing LAN Servers with VM — Lee Stewart	G31 DB2 Server for VSE & VM Connectivity Solutions — Gary Merke	G62 Linux/Samba/Apache Hands-On Lab - Part 1 — Richard Lewis Erich Amrehn R-Sat	E28 Rapidly Build Java Systems for VSE with IBM VisualAge Generator V4 — Stefano Sergi R-Thu	E79 CA - Top Secret — Jorgen Christiansen R-Fri	G20 VM and VSE Internetworking — Alan Altmark R-Wed	M52 Intermediate CMS Pipelines — Will Roden	E02 The Friendly Foods e-business Case Study Demo — Anette Stolvoort R-Wed	E84 Problem Determination Under VSE/ESA — Chuck Olsen R-Sat
---	---	---	---	--	--	---	---	--

2:40 PM - 3:00 PM

Convention Center Reception Foyer — Break

3:00 PM - 4:10 PM

G41 VM for VSE Guest Performance — Bill Bitner R-Sat	M81 Extending VM/ESA with CP Exits — John Hall	G63 Linux/Samba/Apache Hands-On Lab - Part 2 — Richard Lewis Erich Amrehn R-Sat	E09 The CICS Transaction Gateway - Web and Java Access to CICS — Chris Smith R-Wed	E93 Migrating Applications from VSE to OS/390 — Ted Agen	G14 Multiprise 3000 Hands-On Laboratory — Andre Girard R-Fri	M56 CMS Pipelines Tips and Techniques — Ross Patterson	E03 VSE/ESA e-business Experiences — Reinhard Hille, David Kennedy, & Eric Vaughan R-Wed	E60 Migrating to CICS Transaction Server for VSE/ESA — John Lawson Justin McMurry R-Wed
---	--	---	---	--	---	--	---	---

4:10 PM - 4:30 PM

Convention Center Reception Foyer — Break  Sponsored by Computer Associates International, Inc.

4:30 PM - 5:40 PM

G22 Web Encryption 101: Secure Sockets Layer (SSL) — Mike Ludé	M29 Fast Web Serving on VM with ESAWEB — Barton Robinson	G64 Linux/Samba/Apache Hands-On Lab - Part 3 — Richard Lewis Erich Amrehn R-Sat	E28 Rapidly Build Java Systems for VSE with IBM VisualAge Generator V4 — Stefano Sergi R-Thu	G13 S/390 on Intel® — Mike Augustine R-Sat	M41 Enhancements to VM/ESA Network File System (NFS) Support — Melissa Howland R-Sat	M55 Lookup: A Plumber's Swiss Army Knife — Rob van der Heij R-Fri	E07 IBM WebSphere Application Server — Ingolf Salm R-Wed	E41 CICS Transaction Server for VSE/ESA Performance — Dr. Wolfgang Kraemer Dan Janda
--	--	---	---	---	---	--	---	---

5:40 PM - 8:00 PM

Convention Center Ballrooms I, II, V-VIII — EXPO Reception

Key: Sessions Exx are VSE sessions; Sessions Mxx are VM sessions; Sessions Gxx may be of interest to both VM and VSE attendees

Friday, June 2, 2000

7:00 AM - 8:00 AM

Atrium — Breakfast

7:00 AM - 7:50 AM

Convention Center Ballroom IX — E32 Application Development Birds of a Feather — Alice Crema, Jim Alexander, Jeffrey Barnard, and Wolfgang Bosch

8:00 AM - 9:10 AM

E05 TCP/IP for VSE/ESA - Did You Know? — Justin McMurry John Lawson	E91 Report Management in the VSE/ESA Environment — Ed Herman	M62 NetRexx Hands-On Lab - Part 1 — Christine Casey Chuck Morse	E27 Developments 'Down Under' — Jim Alexander R-Wed	E78 VSE/ESA V2.4 Basic Security Manager — Klaus-Dieter Wacker R-Thu	G60 Linux for S/390 - Part 1 — Ingo Adlung R-Wed	G51 Tivoli Storage Manager V3 for VM/ESA — Glenda Ford	M27 Web Enabling VM Resources - ITSO Experience — Erich Amrehn R-Sat	E63 Problem Determination Under CICS TS for VSE/ESA — Chuck Olsen R-Sat
--	--	--	--	--	---	--	---	--

9:10 AM - 9:30 AM

Convention Center Reception Foyer — Break

9:30 AM - 10:40 AM

E82 VSE/ESA Hot Topics — Justin McMurry John Lawson R-Thu	M53 Avoiding Pipelines Stalls — Will Roden	M63 NetRexx Hands-On Lab - Part 2 — Christine Casey Chuck Morse	E25 COBOL Modernization - Your Road to e-business — Alice Crema	E79 CA - Top Secret — Jorgen Christiansen R-Thu	G14 Multiprise 3000 Hands on Laboratory — Andre Girard R-Thu	M28 VM-Based WebServer User Experience — Gary Richtmeyer R-Fri	G66 Linux for S/390 User Experience — Rich Smrcina	E43 VSE/VTAM Tuning Part 1— Jon vonWolfersdorf
---	--	--	---	--	---	---	--	--

10:40 PM - 11:00 PM

Convention Center Reception Foyer — Break

11:00 AM - 12:10 PM

G52 Tivoli Storage Manager from a Client Point of View — Dr. Gretchen L. Thiele	G32 Doing More in Less Time with IBM DB2 Control Center for VSE and VM 7.1 — Bonnie Martin	M64 NetRexx Hands-On Lab - Part 3 — Christine Casey Chuck Morse	E29 IBM High Level Assembler Rel 3 Toolkit Feature Program Understanding Tool (ASMPUT) — Clive Nealon R-Wed	E90 VSE/ESA to OS/390 - User Migration Experiences— Jane P. Sullivan Jim Kuisel	G67 The Value of VM for Linux — Romney White	M55 Lookup: A Plumber's Swiss Army Knife — Rob van der Heij R-Thu	E42 TCP/IP for VSE/ESA Performance Considerations — Dr. Wolfgang Kraemer	E44 VSE/VTAM Tuning Part 2— Jon vonWolfersdorf
---	--	--	--	--	--	--	--	--

12:10 PM - 1:30 PM

Atrium — Lunch

1:30 PM - 2:40 PM

G53 Tivoli Storage Manager from a Server Point of View — Dr. Gretchen L. Thiele	M66 OSSIM Reconsidered: Aspects of OS/390 Application Affinity in CMS — Stephen Record	M23 Writing CGI Scripts - Hands-On Lab - Part 1 — Richard Lewis Pam Bryant	E30 LE/VSE Hints & Tips — Wolfgang Bosch R-Wed	E88 Native VSE/ESA Support for the RAMAC Virtual Array Storage — Bill Worthington	G40 LPAR vs VM Preferred Guests — Romney White	M28 VM-Based WebServer User Experience — Gary Richtmeyer R-Fri	E08 CICS Web Support — Neville Brailsford R-Sat	E04 Hints, Tips, News - TCP/IP for VSE/ESA V1.3 — Leo Langevin R-Wed
---	--	---	---	---	--	---	--	---

2:40 PM - 3:00 PM

Convention Center Reception Foyer — Break

3:00 PM - 4:10 PM

G65 Linux Web Server Consolidation on VM/ ESA: A User Experience — David Boyes R-Sat	M73 VM Performance Data on the Web: FCON/ESA V.3.2 — Eginhard Jaeger R-Sat	M24 Writing CGI Scripts - Hands-On Lab - Part 2 — Richard Lewis Pam Bryant	E86 DFSORT/VSE - The Complete Sorting and Reporting Solution — Holly Yamamoto-Smith John Burt R-Sat	E87 How to Use the VSE Support Structure — Gerhard Zierl John Sutera	G10 Planning and Implementation for the Multiprise 3000 — Dennis Ng	G21 TCP/IP Routing — Alan Altmark R-Wed	E06 TCP/IP for VSE/ESA Socket Programming — Ingo Adlung	E77 VSE/ESA Turbo Dispatcher Use in the Real World — Dan Janda R-Sat
---	---	---	---	---	---	--	---	---

4:10 PM - 4:30 PM

Convention Center Reception Foyer — Break

4:30 PM - 5:40 PM

M91 VM/ESA Platform: Direction and Discussion — George Madl	M54 Advanced Pipelines Techniques — Will Roden	M25 Writing CGI Scripts - Hands-On Lab - Part 3 — Richard Lewis Pam Bryant	E64 CICS VSAM Recovery (CICSVR) New Release! — Paul Brinkman R-Sat	E65 Resource Definition Online (RDO) Hints and Tips— Stanley Jones	G12 Using the Enterprise Storage Server in a VM or VSE Environment— Bill Worthington R-Sat	M80 How to Take Advantage of VM/ESA's System Configuration Capabilities — John Franciscovich Rick Barlow R-Wed	E76 VSE/ESA V2.4 User Experiences — Rich Smrcina Stephen Frazier R-Sat	E85 Dump Analysis Under VSE/ESA — Chuck Olsen
---	--	---	---	--	---	--	--	---

5:40 PM

SeaWorld Outing

Key: Sessions Exx are VSE sessions; Sessions Mxx are VM sessions; Sessions Gxx may be of interest to both VM and VSE attendees

Saturday, June 3, 2000

7:00 AM - 8:00 AM

Atrium — Breakfast

8:00 AM - 9:10 AM

Coral Ballroom A/B	Coral Ballroom C	Convention Center Ballroom I	Convention Center Ballroom II	Convention Center Ballroom III	Convention Center Ballroom IX	Convention Center Ballroom X	Convention Center Ballroom XI	Convention Center Ballroom XII
G41 VM for VSE Guest Performance — Bill Bitner R-Thu	M26 Pipelines Web CGI Techniques — Will Roden	M27 Web Enabling VM Resources - ITSO Experience — Erich Amrehn R-Fri	E84 Problem Determination Under VSE/ESA — Chuck Olsen R-Thu	M44 Installation and Use of Workstation Clients for VM/ESA and TCP/IP — Jim Elliott	E76 VSE/ESA V2.4 User Experiences — Rich Smrcina Stephen Frazier R-Fri	E77 VSE/ESA Turbo Dispatcher Use in the Real World — Dan Janda R-Fri	G12 Using the Enterprise Storage Server in a VM or VSE Environment— Bill Worthington R-Fri	E08 CICS Web Support — Neville Brailsford R-Fri

9:10 AM - 9:25 AM

Convention Center Reception Foyer — Break

9:25 AM - 10:35 AM

G65 Linux Web Server Consolidation on VM/ESA: A User Experience — David Boyes R-Fri	M73 VM Performance Data on the Web: FCON/ESA V.3.2 — Eginhard Jaeger R-Fri	E62 Expanding CICS - REXX and the 3270 Bridge — Colin Boulain R-Thu	E83 REXX/VSE and Automated Operations — Klaus-Dieter Wacker R-Wed	M41 Enhancements to VM/ESA Network File System (NFS) Support — Melissa Howland R-Thu	E86 DFSORT/VSE - The Complete Sorting and Reporting Solution — Holly Yamamoto-Smith John Burt R-Fri	E11 MQSeries: A Tour Around MQSeries for VSE/ESA— Chris Sims	G42 The Value of VM for the VSE Enterprise — Jim Savoie	M12 Getting Started with VM TCP/IP: The Basics — Alan Altmark R-Thu
--	---	--	--	---	--	--	---	--

10:35 PM - 10:50 PM

Convention Center Reception Foyer — Break

10:50 AM - 12:00 PM

M71 VM/ESA Performance Case Studies — Bill Bitner R-Wed	M43 An IMAP Server for VM/ESA — Romney White	E61 Making the Most of CICS Transaction Server for VSE/ESA — Neville Brailsford R-Wed	E63 Problem Determination Under CICS TS for VSE/ESA — Chuck Olsen R-Fri	M65 Doing GUI Programming with NETREXX on VM/ESA — Chuck Morse	E64 CICS VSAM Recovery (CICSVR) New Release! — Paul Brinkman R-Fri	G13 S/390 on Intel®? — Mike Augustine R-Thu	G11 Storage Systems Update for VSE/ESA and VM/ESA Users — Bill Worthington R-Wed	M13 VM TCP/IP Advanced Configuration — Alan Altmark R-Thu
--	--	--	--	--	---	--	---	--

12:00 PM - 1:00 PM

Atrium — Lunch

1:00 PM - 2:00 PM

		E45 VSE/VSAM Fundamentals and Tuning — Dan Janda	E12 VSE/ESA Networking — Steve Gracin Jon vonWolfersdorf	G62 Linux/Samba/Apache Hands-On Lab - Part 1 — Richard Lewis Erich Amrehn R-Thu				
--	--	--	---	---	--	--	--	--

2:00 PM - 3:00 PM

				G63 Linux/Samba/Apache Hands-On Lab - Part 2 — Richard Lewis Erich Amrehn R-Thu				
--	--	--	--	---	--	--	--	--

3:00 PM - 4:00 PM

				G64 Linux/Samba/Apache Hands-On Lab - Part 3 — Richard Lewis Erich Amrehn R-Thu				
--	--	--	--	---	--	--	--	--

Key: Sessions Exx are VSE sessions; Sessions Mxx are VM sessions; Sessions Gxx may be of interest to both VM and VSE attendees
