

Wisconsin Linux on System z User Group

Wednesday, May 16, 2007

09:00 AM - 12:30 PM

Agenda

- **Welcome and Introductions**

- **z/VM Platform Update: Introducing z/VM V5.3**

Presented by Reed Mullen, IBM Systems and Technology Group

Catch the latest breaking news on z/VM product enhancements. This session will provide you a high-level overview of the new z/VM Version 5.3 product announcement. z/VM V5.3 offers new, leading-edge virtualization capabilities and a pricing model that will help enterprises more easily exploit the on demand capabilities of IBM System z virtualization technology

- **IBM Tools – Backup and Restore Manager, Tape Manager, Operations Manager, and Archive Manager**

Presented by Tracy Dean, IBM Software Brand Manager

With the continued growth of z/VM and Linux on System z, the need for systems and storage management tools on z/VM grows, as well. This presentation will discuss four IBM Tools to manage and monitor z/VM and its Linux guests, with an overview of each tool, including live demos: Archive Manager, Tape Manager, Backup and Restore Manager, and Operations Manager for z/VM.

Location: **IBM - 14th Floor – Executive Briefing Room
411 East Wisconsin Avenue
Milwaukee, WI 53202**

Directions: From Milwaukee Airport

Follow Milwaukee signs to I-94. Take I-94 west approximately 9 miles, get into the far right lane and exit onto 794 (heading east towards the lake). Once on 794, get into the far left lane which will be designated Van Buren. Follow Van Buren to Michigan (third light), and turn left. Proceed two blocks to Jefferson and turn right. The parking ramp is immediately on the left. Park anywhere in the structure that is not marked "reserved". Enter the building on the "2" level. Proceed through the restaurant to the first bank of elevators. IBM is on the 14th floor.
